

Widget

Shiplnsure's core insurance widget delivers comprehensive shipping protection, seamlessly integrating into a merchant's checkout process. It covers customer orders against loss, damage, or theft, and allows merchants to customize the widget to align with their brand through white labeling.

- ✓ **Brand Consistency:** Merchants can customize the widget's appearance to reflect their brand identity, enhancing customer trust and brand loyalty.
- ✓ **Enhanced Customer Experience:** The widget provides customers with straightforward, reliable shipping protection options directly at checkout, leading to improved satisfaction.
- ✓ **Increased Conversion Rates:** By offering visible, branded protection options, merchants can boost the likelihood of customers completing their purchases, thereby reducing cart abandonment.
